

Duyen Hai Township, 11 July 2022

### REPORT

#### The Finding of an Aircraft Wreckage in the area of Duyen Hai Township

To: - The Commander of the Province Military Command  
- The Leaders of the Township's Party Committee, and the People's Committee

On 8 July 2022, the family of Mr. Le Van Cham, who reside in Long Thanh Hamlet, Ward 1, Duyen Hai Township, were working on the reconstruction of their shrimp pond for high-tech shrimp farming, discovered oil spills from the pond bottom. Mr. Cham used a small tree trunk hitting at that location and found a hard object. He then rented a Kobe excavator to remove sediments and found several objects of a war-time aircraft wreckage in the land lot no. 344, map sheet no. 7, coordinate 106.652506-10.802014. After this discovery, Mr. Cham collected several pieces of wreckage and sold them at the price of VND1,700,000 (One million seven hundreds Vietnam Dong) to scrap metal scavengers who travelled by boat in the river.

In the afternoon of 10 July 2022, after receiving information from local residents, the Township's Military Command set up a team in coordination with Ward 1's Military Command, and the Hamlet Military Commander visited Mr. Cham's household to survey and collected preliminary information. At 0700 hours on 11 July 2022, the Township's Military Command coordinated with the Township Police and local authorities visited Mr. Cham's household to collect information and signed a document with the family concerning several fragments of the aircraft with details such as SEATPARACHUTE, number type 26201, part number 50 7025-16, serial number 1670-516-8863, manufacturer CELANCE MFG, several other documents, and one piece of possible osseous remains.

Currently, the Township's Military Command keeps these above-mentioned items of the aircraft wreckage and reports this matter to the Commander of the Province Military Command, leaders of the Township's Party Committee and People's Committee for direction.

Commander (Signed

and Sealed)
